

Patient Doctor Discussion Guide

If you have advanced cancer, this guide can help you prepare for a conversation with your doctor.

Be prepared to have a discussion with your doctor:

What matters the most to you?

- Understanding my potential treatment options
- Finding a treatment with the fewest side effects
- Identifying a personalized treatment plan
- Other: _____

Would you consider enrolling in a clinical trial of a new treatment? yes no

Questions: _____

Questions to ask your doctor:

Has my cancer been tested for biomarkers or genomic alterations?

What could we learn about my cancer through comprehensive genomic profiling testing to help us plan my treatment?

How do we get started?
